FSTC MEMORANDUM
NUMBER 380-1*

20 September 1983

Security

PREPARING FOMCAT VOLUMES FOR RELEASE TO
UK, CANADA, AUSTRALIA, NATO, AND SHAPE TECHNICAL CENTRE

	Paragraph
Purpose -----	1
Scope -----	2
Responsibilities -----	3
Sanitization and Preparation -----	4
Dispatch -----	5
Procedural Changes -----	6
References -----	7
Appendix A. Transmittal Letter, SHAPE and NATO Security System	
Appendix B. Transmittal Letter, UK	
Appendix C. Transmittal Letter, Canada	
Appendix D. Transmittal Letter, Australia	
Appendix E. Receipt	

1. Purpose. This memorandum prescribes procedures for preparation and release of the Foreign Materiel Catalog (FOMCAT) (TB 381-5-series) to the UK, Canada, Australia, NATO and the SHAPE Technical Centre.
2. Scope. This memorandum applies to all elements of FSTC located in Charlottesville, VA.
3. Responsibilities. a. Battlefield Systems (BA), Combat Arms (CA), Electronic Systems (ES), and Military Technology (MT) will:
 - (1) Prepare and process FOMCAT volumes in accordance with established instructions.
 - (2) Appoint a FOMCAT Coordinator and notify the Security Office of the appointment.
- b. The Chief, Administrative Services will insure that the FSTC distribution of each FOMCAT volume includes 18 additional copies and that, upon receipt of the distribution by the Mail and Document Control Unit, the 18 copies are transmitted to the FOMCAT coordinator in the production division responsible for that particular volume (BA, CA, ES, or MT).

*This memorandum supersedes FSTCM 380-1, 23 Jun 78, including Change 1.

c. The FOMCAT Coordinators for BA, CA, ES, and MT will:

(1) Sanitize, as specified in par 4, below, each of the 18 copies.

(2) Insure that the letters of transmittal are correctly prepared according to the examples Appendices A through D, and are attached to the sets to be released. A copy of the transmittal letter (with MFR) will be included for the Security Office file.

(3) Have the sets prepared for dispatch, including mailing labels. If the volume being released is classified, prepare and include a receipt (DA Form 3964) for the sets to UK, Canada, and Australia, according to the example Appendix E.

(4) Deliver the sets to the Security Office.

d. The Security Office will complete action on the case, sign the letters, and deliver to the Mail and Document Control Room for dispatch.

4. Sanitization and Preparation. a. Each of the copies will be sanitized as follows:

(1) Remove FOREWORD.

(2) On the CONTENTS page, delete reference "FOREWORD", "Table 2", "Table 3", and "Index of Materiel Items".

(3) Remove Table 2 and Table 3.

(4) Remove Index.

(5) Remove all pages containing items on Free World Countries.

(6) Remove all pages containing items marked "NOT RELEASABLE TO FOREIGN NATIONALS" (NOFORN).

(7) Remove all pages containing items marked "THIS INFORMATION HAS BEEN AUTHORIZED FOR RELEASE TO _____" (REL), unless the country to whom the copies are to be sent is listed as one of those to whom the item is releasable.

(8) Delete all caveats restricting distribution and all special handling markings WHEREVER they appear.

(9) Delete all page numbers on the remaining pages.

b. The pages remaining after sanitization will be assembled and fastened into individual copies which will be divided into sets for each recipient, properly annotated to identify the recipient. The number of copies for each set and their recipient is: NATO - 4; UK - 3; Canada - 3; Australia - 8.

c. Prepare letters of transmittal according to the examples attached as Appendices A through D. Sets will be attached to the appropriate letter of transmittal. Prepare mailing labels for each set with addressees as shown on Appendices A through D. If the volume is classified CONFIDENTIAL or SECRET and is destined for the UK, Canada or Australia, prepare a receipt (DA Form 3964) according to the example attached as Appendix E and attach to the appropriate set.

d. Deliver to the Security Office where the sets will be reviewed. If errors are found, the sets will be returned to the FOMCAT Coordinator with instructions for correction. If there are no errors, the Security Office will sign the letters of transmittal and deliver to the Mail and Document Control Room for dispatch.

5. Dispatch. Sets will be packaged and mailed to the addressees shown on the mailing labels (and letters of transmittal). The receipt (DA Form 3964) which accompanies the classified sets will be included in the appropriate packages.

6. Procedural Changes. Prior approval of DAMI-CIS must be obtained before any change is made in the number of copies furnished to any country, the countries to whom furnished, and the recipient in the particular country.

7. References. a. DDAL 73-14; b. AR 380-5; c. AR 380-10 (C).
